Subject: Reclamation Surety Required for Amendment Approval (Weather Station), Energy Fuels Resources, Whirlwind Mine, S/019/0065, Grand County, Utah

Dear Mr. Rogers:

The referenced amended Notice of Intent to Commence Small Mining Operations (NOI), received by the Division August 24, 2011, is complete **with the exception of the reclamation bonding requirement.** The additional required reclamation surety is \$955.00.

Please submit the reclamation surety and the updated fact page for your reclamation contract within the next 30 days. No mining related disturbance may be created until the surety is received and approved, and you have received written acceptance from this office as well as other applicable agencies.

You currently have a surety bond for the Whirlwind mine project. You may increase the surety by submitting a rider to the surety bond or by submitting cash, a certificate of deposit, or a letter of credit for either the increased or the full amount. Please contact Penny Berry at 801-538-5291 or by e-mail at bondcoordinator@utah.gov for assistance in completing this requirement.

Please contact me at 801-538-5261 or Tom Munson at 801-538-5321 if you have any questions regarding this letter. In reply please refer to file number S/019/0065.

Sincerely,

Paul B. Baker
Minerals Program Manager
